

Seizing Growth Opportunities in India's Manufacturing Sector

Organized by: Invest India (Government of India) / Japan-India Business Bureau (JIBB) (a specific non-profit organization)

India is attracting attention as one of the world's leading growth markets, and significant investment opportunities are emerging in the manufacturing sector. In this seminar, we will provide Japanese companies with practical information on India's manufacturing investment environment, government support measures, market entry strategies and partnership opportunities.

This seminar is aimed at companies operating in sectors such as machine tools, industrial machinery, semiconductor manufacturing equipment, automation equipment, robotics and precision instruments. We look forward to your participation.
